

## GRADUATE SURVEY

By completing this survey you will assist the Department to plan future Alumni activities and help encourage students to study Mathematics and Statistics. The information from this survey will be used by the Department of Mathematics & Statistics and will not be available to outside parties, unless you have specifically given your permission.

**Name:**

.....

**Phone:**

.....

**Email:**

.....

**Highest Qualification in Mathematics/Statistics:**

.....

**Year of Graduation:**

.....

**Current Position Title:**

.....

**Current Employer:**

.....

**Would you like to receive the twice yearly Alumni newsletter via email (please tick)?**

**Yes**

**No**

**Would you be interested in attending an Alumni evening function at the Department?**

**Yes**

**No**

**Would you be willing to give a short talk about your career to students?**

**Yes**

**No**

**Would you be interested in writing a career profile to be displayed in the Department and on the web site?**

**Yes**, please turn over

**No**, you have completed the survey, thank-you.

## CAREER PROFILE

Please summarise your career path since your graduation (you can view past graduate career profiles at [www.ms.unimelb.edu.au/~mscareer](http://www.ms.unimelb.edu.au/~mscareer)).

*The following career profile can be submitted via web [www.ms.unimelb.edu.au/alumni/](http://www.ms.unimelb.edu.au/alumni/), email [alumni@ms.unimelb.edu.au](mailto:alumni@ms.unimelb.edu.au) or post Dept of Mathematics & Statistics, The University of Melbourne, VIC, 3010.*

- **Please describe the different positions held with any company you have worked with since completing your studies (i.e. what the job entails, where you are based, etc)**

.....

.....

.....

.....

.....

- **Where you have used maths and/or stats in your career?**

.....

.....

.....

.....

.....

- **How studying maths and/or stats has helped your career?**

.....

.....

.....

.....

.....

Thank you for taking the time to complete this graduate survey. Please return your completed survey in the attached reply paid envelope to the Department of Mathematics and Statistics, The University of Melbourne, Victoria, 3010.
